Need a Terminal?

\$299

Includes standard programming and delivery. Any applicable sales tax is not included in price.

Part of the proven Omni 3700 family, the Omni 3730LE is a hard-working and reliable terminal that supports the full range of payment options. The signature ATM-style interface makes using the terminal extremely easy and requires virtually no training. The Omni 3730LE is a lower-cost terminal that delivers just the right amount of service for your small business.

- Supports credit and debit*
- Efficient processing and high-speed thermal printer quickly move customers through the line
- Compact footprint saves counter space
- Plug-and-play terminal is simple to install and even simpler to use
- Latest security features are built in
- VeriFone's unsurpassed quality and reliability means trouble-free usage for years

*PINpad feature requires optional encryption.

\$375

Includes standard programming and delivery. Any applicable sales tax is not included in price.

Get all the benefits of the original Omni 3200, with the addition of enhanced ergonomics and improved performance in an even more compact design! The Omni 3200SE payment terminal provides highly flexible support for most payment types, and is equipped with an integrated, quiet thermal printer all in one streamlined unit.

- ATM-style interface is easy to use
- Double the memory for additional applications
- Fast processing decreases transaction times
- Integrated "clam-shell" printer that features drop-in loading for easy paper changes
- Support for all payment types
- Fully backwards compatible with the 3200/10
- All in a footprint that is 30% smaller than its predecessor

These are just a few of the terminals we offer.
